BUILDING MATERIALS

TO HOMEOWNERS, BUILDERS AND OUR FARM FRIENDS:

1951 represents our 35th anniversary as manufacturers and sellers of lumber and building materials. The cover pictures include warehouses, several of our delivery trucks, and some of our employees at the South Windham plant taken with the Maine Central Railroad Shifting Crew.

We believe this will be a good year to build your home, remodel your farm buildings, or modernize your kitchen. We are well stocked with materials of all kinds. When you plan your building program with us you are assured that your materials will be available when you require them.

By purchasing in large quantities we are able to offer you the best grade materials at fair prices.

Plan books are available with full selection of plans for home, cottage, barn, or practically any type of building. We can furnish the blueprints and specifications, and will gladly submit cost prices on the building materials required.

We invite you to visit our display and salesroom at 187 Brighton Avenue, Portland. You will find on display modern kitchen cabinets, mantels, door and window units. Many model homes and plans are offered for your selection.

Our offices are conveniently located at 187 Brighton Avenue, Portland, phone Portland 2-1965; 35 Gertrude Avenue, Biddeford, c/o Fred Skillings, phone 4-4431; 431 East Avenue, Lewiston, c/o James P. Bushey, phone 4-4782.

Sincerely,

## CATALOGUE PRICES

The prices shown in this catalogue are the lowest market prices at the time it went to press, but there is no way for us to know whether or not the manufacturers' prices will change. Therefore, all prices shown are "Subject to Change Without Notice." Should the market lower, we guarantee you will have the advantage of the saving, and if it should strengthen we will necessarily have to increase our prices.

## FOR YOUR ENTERTAINMENT

If you enjoy good music may we suggest our "Texaco" Broadcast from the Metropolitan Opera each Saturday from 3:30 to 5:30 P. M. during the winter months.

# ASPHALT SHINGLES

## DURABILITY AND STRENGTH where the weather strikes with 12-INCH THICK BUTT SHINGLE

Per Bdl. ....\$2.30      Per Sq. ....\$6.90  
215 lbs. per Sq.      Sq. covers 100'

YOUR BEST BUY. Extra protection where the weather strikes. Colors: Gray Green, Evergreen, Red, Tile Red, Blue Black, Ocean Blend, Blue Blend, Slate Blend, Redfield, and Greenfield.

# TEXACO

We suggest to Farmers and Owners of Extensive Buildings that they use Standard Colors . . . Gray Green, Blue Black or Red. These Colors are always available. Other colors likely to change.

## HEXAGONAL DESIGN SHINGLE

This design is well adapted to certain types of architecture. It is suitable for any roof that slopes enough to drain well. It is easy and quick to lay on a new roof or over the old shingles. The rich, natural slate colors in this shingle snaps any home out of the dullness of ordinary roofs. 2 Bdl. cover

100 square feet.

Standard Size 11 1/3 x 36 with 2" headlap.

167 lbs. per Sq.  
Per Bdl. ....\$2.75      Per Sq. ....\$5.50

Colors: Gray Green, Evergreen, Blue Black, Red, Tile Red, Redfield and Greenfield. Ideal for cottage and garage coverage.

## GIANT ROOFING SHINGLES 12x16"

A life-time roof. Available in the following colors:  
Green, Red and Blue Black

Per Bdl. ....\$2.75      Per Sq. ....\$11.00  
325 lbs. per Sq.

## FIGURING SHINGLES FOR ROOF

Measure length of building including roof projection. Measure width of building. Multiply overall length by 2/3 of width. Example: Building 28' with roof projecting 1' each end—30' long, width of building 24', use 2/3 or 16' as rafter length. Multiply 30x16 or 480' per roof side. With two sides to cover 960', or 10 Sqs. required.

CONSIDER THESE BASIC FACTS: First—Asphalt is the greatest weather and waterproof substance the world has ever known! Second—the purest asphalt in the world is obtained from crude petroleum. Third—The Texas Company . . . manufacturer of over 350 industrial petroleum products . . . is one of the largest producers of Asphalt—in the World! And Texaco THICK BUTTS are, by weight, nearly one-half Asphalt!

# TEXACO Roll Roofings

## MINERAL SURFACED

Heavy Felt with coating of slate granules. Colors: Blue, Black, Gray Green, Evergreen, Red, and Tile Red.

90 lb. 36" wide .....\$3.20  
110 lb. 19" wide .....5.00

Above items with selvage edge.

## TEXACO SMOOTH ROOFING

Highest quality.

65 lb. ....\$2.75  
55 lb. ....2.50

## TIGER SMOOTH MICA SURFACE

Excellent quality.

45 lb. ....\$2.00

## ROLL BRICK SIDING RED WITH BLACK MORTAR BUFF WITH WHITE MORTAR

105 lb. ....\$4.25

Roll Roofings all 36" x 36"

Cover 100 sq. ft. Packed with galvanized nails and cement.

# TEXACO Roof Coatings and Cements

## STOP THOSE LEAKS!

Preserve your property the thrifty Texaco way. Roof Coatings equal to any on the market.

## ASBESTOS FIBRE ROOF COATING

For old, dry surface roofs.

## ASPHALT LIQUID ROOF COATING

To preserve and protect roofs.

Our low prices for above coatings:

55 Gal. Drum ..... Per Gal. \$ .40  
5 Gal. Can ..... Per Gal. .50  
1 Gal. Can ..... Per Gal. .65  
Specify whether Asbestos or Asphalt Coating required.

## PLASTIC ROOF CEMENT

Indispensable for flashing and stopping roof leaks.

25 lb. Can .....\$1.75  
10 lb. Can ..... .75  
5 lb. Can ..... .50  
1 lb. Can ..... .15

## ROOFING BRUSHES

White Roofing Brush, 2 1/2" x 7"

\$ .45

# ASBESTOS AND WOOD SHINGLES

## "GLATEX"

This new exclusive "GLATEX" process seals the siding against water and dirt penetration. It is baked and fused into the core of the siding . . . it is as permanent as the shingle itself.

"GLATEX" helps keep the side walls factory fresh and clean. This new process is considered the greatest improvement since the introduction of asbestos shingles. Textured Surface.

	Per. Sq.
Size 12"x27", Wt. 186 lbs.—WHITE	\$15.00
Size 12"x24", Wt. 186 lbs.—GRAY, WHITE	8.00

# CURTIS DOORWAYS

**Entrances That are Correct for Style and Beauty**  
**Select Your Entrance Frame and Door by indicating number,**

Frames consist of Cap, Jambs, Casings, Oak Sill. All Pine parts are treated with Curtis Toxic Preservative. Weatherstrips for all Entrances only \$3.50 extra. **Note:** All frames and doors are 3/0x6/8—13/4".

**"STANDISH"**

Frame No. C-1720      **\$140.00**  
 Pat. C-2130              **26.00**  
  
 Sidelight Sash No. C-2904 size  
 O-10x4-5, 13/8" thick, 4 light  
 glazed, per pair,              **\$9.00**  
  
 Transom Sash No. C-2916 size  
 5-1x1-1                      **\$24.00**

**"LYNWOOD"**

Frame No. C-1730      **\$95.00**  
 Door C-1040              **30.00**

New England Colonial Frame consists of cap, pilasters, casings, architraves jambs and Oak sill.

**"MASSENA"**

Frame No. C-1755      **\$48.00**  
 Door C-2005              **37.50**

**ENTRANCE MASSENA**

The beauty of this entrance is in its simplicity. The plain surfaces are relieved by the correctly proportioned cap and the contour of the heavy architrave molding around the door opening. An inexpensive design for any wall construction.

**ENTRANCE PITTSFIELD**

A doorway of beauty and simplicity—adaptable to any type of wall construction. When the building budget is limited, this entrance will solve the problem and reflect the owner's good taste. It will be equally attractive with a glazed door.

**"PITTSFIELD"**

Frame No. C-1761      **\$44.00**  
 Door No. C-2130              **26.00**

## CAST BRASS or BRONZE and CAST RUSSWIN METAL

Since 1839, Russell & Erwin Mfg. Company has rendered constructive service in the Builders' Hardware field. Its aim has been to improve its products and its methods by constant experimentation and adoption of the latest scientific and industrial developments.

Always its object has been to make a worthy product that would find a useful place in the community and prove of benefit to the public.

The name Russwin thus stands as a symbol of fine quality — a guide to the consumer in making a needed purchase — a constant challenge to its sponsors to strive for even higher standards.

Any product bearing the trade-mark RUSSWIN is designed to give the utmost in long service and satisfaction.

## GOOSE NECK RIPPING BARS

24" — \$ .50

FOR 100 YEARS, LUCAS PAINTS HAVE BEEN MADE TO THE HIGHEST STANDARDS. LUCAS, IN FACT, PIONEERED IN PRODUCING AMERICA'S FIRST READY-MIXED, PURE LINSEED-OIL PAINT. Ever since those days, Lucas chemists have been working to bring America's homes better paint for every use. Now, as always, each Lucas product is as fine as quality ingredients, skill and experience can make it.

LUCAS TG HOUSE PAINT is the most durable and economical, as well as the most beautiful house paint that can be made. Into it go the highest quality ingredients, scientifically formulated in just the right proportions to provide maximum protection for your home. Lucas TG is truly a "weather-resistant" paint. It defies the elements, fuses to the surface, has remarkable hiding power, lasts and looks lovely longer. Lucas may cost slightly more per gallon than ordinary paint but it saves many dollars through outstanding service.

### HIGHEST GRADE PAINT NOW AVAILABLE

at reasonable prices:

Sheetrock Finisher is a specially prepared material. When mixed with water, the Finisher forms a cement, which is easily, quickly and economically applied. Sufficient for 500 sq. ft. Sheetrock.

Price per 5 lb. Box — **\$ .50**

# WALLBOARDS

## SHEETROCK

Our fastest selling Board. 70% of our new houses are using this Sheetrock. Excellent for remodeling.

## WALLBOARD

Low price and rapid handling provide substantial interiors within reach of all. Sheetrock is easy to apply,—is nailed, sawed, and fitted with the ease of lumber. Boards are light enough for easy handling but strong enough to provide an enduring wall finish. Surface is Ivory finish.  $\frac{3}{8}$ " thick, 48" wide, 7, 8, 9, 10, and 12' long. Per sq. ft. \$.05

### "PREDECORATED" SHEETROCK

Finished in Knotty Pine, Mahogany, and Walnut,  $\frac{3}{8}$ " x 4' x 8'

Per sq. ft. \$.09

## PERF-A-TAPE

When used with our Recessed Edge Sheetrock gives smooth finished surface.

Sheetrock joint reinforcement puts an end to wallboard joint problems. Perf-A-Tape cement is buttered into the joint channel formed by Sheetrock recessed edges and the reinforcing Perf-A-Tape strip is buried in the cement to make the joint stronger than the board itself.

For Sq. Ft. Sheetrock  
Treats Joints

60' Box	250'	Per box	\$.150
250' Box	1000'	Per box	4.25

## HARDBOARD

It is science's strongest, smoothest, grainless board. It is strong, light, splinterless, easy to handle, will not crack or swell and is very attractive. It is made of wood fibres pressed under terrific pressure, making it extremely dense, rigid and sturdy. The Treated is water and acid proof.

Sheets  $\frac{1}{8}$ " x 4 x 12' — \$.07 ft. Treated — \$.09 ft.

## HARDBOARD TILE

Made of Treated Hardboard and is marked off in 4" squares. Just the thing to modernize your dark, gloomy kitchen and bathroom and make them more cheery. Used in hallways, hospitals, restaurants, meat markets, public buildings, etc. Easy to install. Saws and nails like lumber. Temprtile can be easily decorated in any of the glorious colors so popular today.

$\frac{1}{8}$ " thick, 4x12' sheets Per sq. ft. \$.10

## WEATHERWOOD INSULATING BOARD

Suitable for plain walls. Ivory finish  $\frac{1}{2}$ " x 48" wide by 7, 8, 9, 10, and 12' lengths . . .

Per sq. ft.

\$.06

## INSULATING TILE BOARD

Excellent for ceilings. Comes in 12"x24" scored to make 12"x12" Tile. Also in 16"x32" scored to make 16"x16" or 16"x32" as preferred. All  $\frac{1}{2}$ " thick. Colors Ivory or Blendtex finish (variegated tan). No painting required. All edges are tongue and grooved with an ogee bevel. Rigid, strong, high in insulation value and noise absorbing medium, very pleasing in appearance and very popular for both old and new work.

$\frac{1}{2}$ "x12x24 (40' to Bdl.) Ivory or Blendtex—Per ft.	\$.09
$\frac{1}{2}$ "x16x16 (64' to Bdl.) Ivory or Blendtex—Per ft.	.09
$\frac{1}{2}$ "x16x32 (64' to Bdl.) Ivory or Blendtex—Per ft.	.085

## INSULATING PLANK

Used for insulating and decoration of side walls. Stocked in Blendtex color (variegated tan) in  $\frac{1}{2}$ " thick x 8-10 and 12" width and in 8-10 and 12' lengths. Painting or papering unnecessary when planking is used. Per ft. \$.09

Marlite brings a beauty and charm that captivates everyone. No matter what decorative scheme you have in mind, Marlite colors and patterns will enable you to achieve it.

The large sheets of Marlite are easily cut to the proper size pieces with regular carpenter tools. These pieces can be quickly fitted and installed by any good carpenter. Marlite is applied over plaster, insulation board, wall board or walls of any similar material that are straight and dry.

The large wall-size panels of Marlite make modernizing economical . . . for the average wall can be covered from corner to corner with one sheet. All colors and patterns of Marlite are sold in large sheets 4' wide and in lengths ranging from 4' to 12'.

DeLuxe \$.40 Per Sq. Ft.

All wrought iron. Easy to install.

# OUR BEST SELLER

## MATERIALS FOR GARAGE

Size 12' x 20' material only \$250.00, or \$8.31 per month on our 36 month payment plan—includes framing lumber, sash, novelty siding, roof boards, slate surfaced roofing, sheathing for garage doors, all nails and door hardware.

## 41A Floor Plan . . .

### FOUR ROOM CAPE COD HOUSE

Compact. Ideal for Small Family.

**\$2350.00 Pays for Building Materials**

Our Most Popular House Plan

Includes mason materials, shingles, framing lumber, sheathing, siding, flooring, sheetrock walls, tile ceilings, doors, windows, interior and exterior trim, cabinets, hardware, paint and insulation.

# ARCHITECT DESIGNED SMALL HOMES

## THE Ewark

More home builders are demanding the 2-story home. This plan is compact and convenient with sleeping rooms and bath on second floor. One at once notes that all bedrooms have cross ventilation. This distinctive design can be built for approximately \$12,000.00.

The building materials cost only \$3,900.00 and can be financed on F. H. A. payment plan.

Note large closets, linen and towel space.

The large living room is flooded with light from broad bay windows. The cozy fireplace also adds enjoyment to this well planned home.

This design qualifies itself for distinction because of the spaciousness of the rooms contained in the comparatively small outside dimensions.

### CUBAGE

House .....	16,820 Cu. Ft.
Garage .....	2,750 Cu. Ft.
TOTAL .....	19,570 Cu. Ft.

# ARCHITECT DESIGNED SMALL HOMES

## "The Palsen" as shown in our latest Plan Book.

A cozy home of 4 good sized rooms on first floor with additional space for bedrooms on the second floor. Stairways well located.

The first floor plan shows well planned home.

All materials for completing exterior and first floor, with stairway to second floor for only \$2550.00. Estimated completed cost of \$6800.00.

Material cost includes mason supplies, all lumber for framing and finishing, oak floors, sheetrock walls, Perf-A-Tape system, insulation, millwork, doors, windows, roofing, hardware and paint.

Many House Models and Floor Plans are on display at our 187 Brighton Avenue, Portland, Sales Office. A visit will well repay you, as our representatives will be glad to give you cost information, and also show you the display of Kitchen Cabinets, Corner Cupboards, Doors, and other Building Material items.

# SMALL HOMES

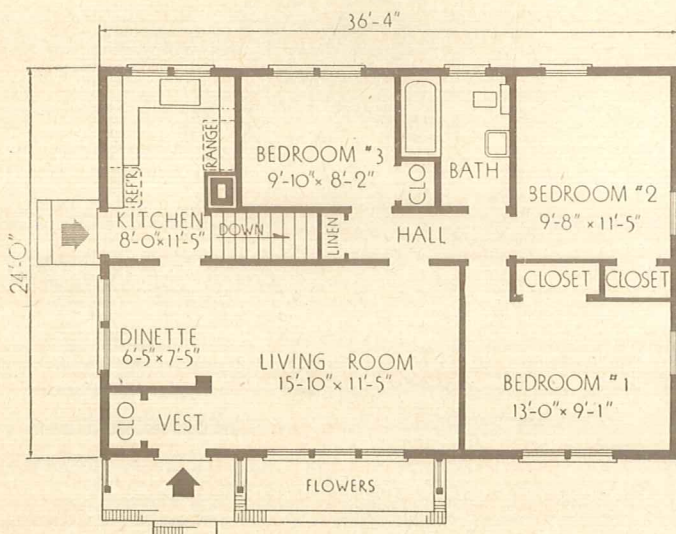

**PLAN 5127**

The floor plan below is well arranged for the small family. Modern in design for a maximum of good living. Interior of the house is skilfully arranged with spacious living room 16' x 12', with extension for dinette 7' x 8' that is shielded from front door by vestibule wall.

Note you have three good sized bedrooms all conveniently located on first floor. The kitchen is "U" shaped and designed for efficiency and pleasant working hours.

Window areas are generous and well placed and of the horizontal type glass design. Good circulation of air is assured.

Note doorways to hall and kitchen and side entry. Long walls of living room are excellent for furniture arrangement. Materials complete for this design only \$3100.00. Estimated completed cost \$7800.00.

# DRESSED BOARDS CLEAR AND COMMON

IN RANDOM LENGTHS OF  
6-8-10-12-14 and 16 FEET

## WHITE PINE LUMBER

Our White Pine comes from Maine and is genuine White Pine. There are several woods that are sold as White Pine, such as Ponderosa, Western or Hard Pine, but they are not the **Genuine** White Pine and will not last as long, finish as good, or hold paint as well. We recommend this lumber as being the best for any purposes where the surface is to be painted. Carried in 3 grades. Our stock in best grades is now kiln dried, assuring you of shrinkage free lumber.

## ANDREW'S "D" SELECT KILN DRIED

This is an excellent grade and the kind most commonly used for house trim. 6 to 16' lengths dressed 4 sides.

	Lin. Ft.		Lin. Ft.
1x4	\$ .08	1x 8	\$ .16
1x5	.10	1x 9	.18
1x6	.12	1x10	.20
1x7	.14	1x12	.24

## ANDREW'S No. 2 KILN DRIED

Our best seller for cottage, industrial, and farm buildings. Exterior trim. 6 to 16' lengths dressed 4 sides.

	Lin. Ft.		Lin. Ft.
1x4	\$ .06	1x 8	\$ .12
1x5	.07	1x 9	.14
1x6	.09	1x10	.15
1x7	.10	1x12	.18

## ANDREW'S No. 3 AIR DRIED

Dressed 2 sides and matched "V" groove. Our best seller.

Double end trimmed, lengths 6' to 16'

1x4 Special	75.00 Per M
1x5 to 12"	90.00 Per M

All of the above grades are selected from kiln dried stock, except No. 3 Grade which is well air dried. Double end trimmed. 5/4, 6/4, 8/4, 12/4, 16/4 sizes also carried in stock at slightly higher prices.

NOTE: Our matched stock in ALL grades is milled with "V" edge and centre bead one side, with other side plain. For detail of matched stock see "Vermont" Pattern of Colonial Sheathing, Page 25. Excellent material for Colonial Sheathing.

## FINISHING LUMBER

**Kiln Dried for Interior Finish**

## SOFT TEXTURED WHITE PINE

We can supply either Plain or Feather Edge Pattern Interior Window and Door Trim  $\frac{3}{4} \times 3\frac{1}{2}$ " in kiln dried White Pine or Douglas Fir \$ .12 lin. ft.

Mouldings to match see Page 22.

## CLEAR YELLOW FIR D4S K.D.

1x5	"	13.00
1x6	"	15.00
1x8	"	20.00
1x10	"	25.00
1x12	"	30.00

Suggest advising us of your first and second choice of widths so that we can ship stock we have available.

## BEVEL SIDING (Clapbds.)

## RED CEDAR (10 Pcs. to Bdl.)

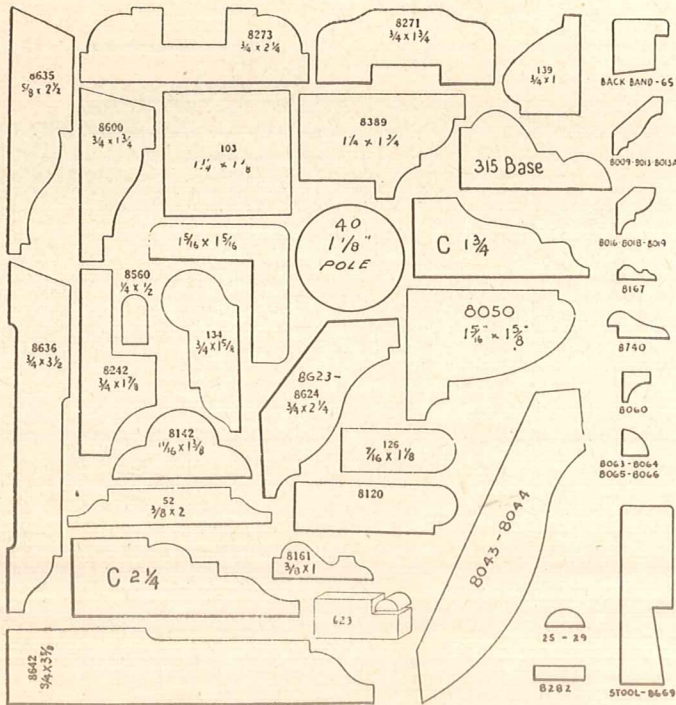

We buy our sidings in carloads and are therefore able to quote these real low prices. Experience has taught us that Red Cedar is the best lumber for siding. It is long straight grained, light weight, resists decay and is economical to paint.

Size	Grade	Price Per M
$\frac{1}{2} \times 6$ "	3 to 7' Clear, A & B	\$120.00
$\frac{1}{2} \times 6$ "	" "C"	50.00

Ridge Roll for above  
28" lengths \$ .45 each

EASY TO HANDLE. A 26" x 120" sheet weighs only 6.45 lbs., roughly 1/3 as heavy as other metal roofing of equal thickness.  
20" Roll Valley Strips \$ .25 ft.

Vertical Wall Detail

We specialize in  
**CEDARSEAL  
LOG CABIN  
SIDING**

both horizontal and vertical types.

See rear cover

Send for our . . .

**LOG CABIN BOOKLET**

Horizontal Wall Detail	See Page 16
------------------------	-------------

The logs, as illustrated, are selected, carefully peeled, split, planed one side, and both edges grooved for splines.

They may be used either horizontally or vertically. When used horizontally the edges are bevelled to give perfect protection against the weather. In using the vertical type of wall the studs are eliminated.

Cabins and camps made of Maine White Cedar Logs can be erected at a moderate construction cost.

Cedar Log Doors and Trim for Log Cabins carried in stock.

# STORM WINDOWS

Overall Size Glass 2 Light

## PAY FOR THEMSELVES IN ONLY THREE YEARS

Our prices are always low on storm sash. They are made full size width and 1 1/2" longer than necessary to fit standard frames. This allows for fitting. All sash are 1/8" thick. By equipping your home with storm sash you will be a lot more comfortable and you will save approximately one-third of your fuel bill, as the heat lost through glass windows, not protected with sash, is very large.

Blind

Panel Shutters  
Cut-out D

Slat Shutters  
Cut-out D

Note: In 4V over 1 column, windows under 24" wide made 3V over 1; over 30" wide are made 5V over 1.  
In 6 over 1 column, windows under 24" wide are made 4 over 1; over 30" wide are made 8 over 1.  
Our windows are made of White or Ponderosa Pine 1 3/8" finish thickness. All window frames of State of Maine White Pine.  
All windows are glazed, prefitted and toxic treated. Overall size indicates extreme width and length. Glass bottom sash indicates use of glass.  
If windows must be crated add 20c per window.  
Frames prefitted and ready to nail together; the jambs, of selected pine are equipped with pulleys. The casings and stools are made of native pine. We furnish 4 1/2" width jambs on window frames. \* Deduct \$1.00 if Pulleys Not Required.  
Blinds and Shutters add beauty to the home, and give that finished touch. See lower left corner page 30 for available cutouts. All our Blinds and Shutters are toxic treated.

# FLOORINGS

Good stocks. Advise size and type of room and we will be glad to suggest and quote on the complete cost.

## NATIVE WHITE PINE FLOORING A. D.

1x4 D2S and Matched \$ 75.00

## DOUGLAS FIR FLOORING K. D.

1x4 "D" M. G. Fir 2 to 16' \$160.00  
 1x4 Clearite Fir 2 to 8' E. M. 180.00  
 1x4 C&Btr. V. G. Fir 6 to 16' 220.00  
 1x4 "C" V. G. Fir 2 to 8' E. M. 180.00

## SOUTHERN PINE FLOORING K. D.

1x4 C&Btr. 2 to 8' E. M. \$180.00

## HARDWOOD FLOORING

Good supply from best producers of quality K. D. flooring. Standard lengths all finished  $\frac{3}{8} \times 2\frac{1}{4}$ " face. Available in Birch, Maple, and Oak.

Grade	Birch	Maple	Oak
Clear or 1st Grade	\$290.00	\$300.00	\$300.00
Select or 2nd Grade	250.00	260.00	290.00
No. 1 Com. or 3rd Grade	190.00	210.00	260.00
Select 18" Shorts		180.00	

### HOW TO ARRIVE AT THE AMOUNT OF FLOORING THAT YOU NEED

Multiply the length of the room by the width, which will give you the square feet of surface to be covered. Add the percentage shown below to your surface feet to determine the amount of board feet which you will require.

- (1x3)  $\frac{1}{8}$ "x2 $\frac{1}{4}$ " add 33 $\frac{1}{3}$ %  
 (1x4)  $\frac{1}{8}$ "x3 $\frac{1}{4}$ " add 25%

For example:

A room 10'x10' laid with 1x3" flooring requires 133 $\frac{1}{3}$  board feet.

We recommend Minwax Floor Finish. Easy to apply and keeps floor in good condition. See Page 12. Send for color card.

For natural gloss finish our Lucas Floor Sealer is excellent. 1 gallon covers average floor. \$3.25 per gal. Suggest our Hardened Cut Floor nails for applying flooring. \$ .20 per lb.

## FOR COLORFUL WALKS USE IRREGULAR FLAGGING

For permanent, beautiful walks, at low cost, use Irregular Flagging which may be laid by two methods.

1. Set in concrete with close joints.
2. Imbedded in ground — spaced wide, allowing grass to grow between stones.

Irregular Flagging is made up of irregular pieces  $\frac{3}{4}$ " to 1" thick. Colors mixed, 10% Red, 35% Purple, 40% Green, and 15% Black and Blue Black.

Price \$ .25 sq. ft.

## SEPTIC TANKS

An economical and efficient disposal service. Heavy gauge, Asphalt treated steel. All seams are electrically welded. Removable flanged cover. Openings take 4" Tile or Iron Pipe.

400 Gal. 52x48"

\$55.00

# STREAMLINED FINANCING

## TO FIT ANY BUDGET

### MONTHLY PAYMENT PLAN . . .

If you care to pay for repairing or remodeling of your home by the month, you can do so. This plan includes the financing of the labor as well as the building materials. The qualifications are: You must have a steady job or income; as well

as a good credit and character reputation. You can borrow up to \$2,500.00 and pay for it over a consecutive period of 30 months. Read the chart below which shows you how much you will pay over and above our low prices.
